

## UDOT Region 2 Construction Update – November 21, 2008

Salt Lake, Summit and Tooele Counties

\*\*\*

\*The following information outlines UDOT Region 2 road construction and maintenance activities that will result in traffic delays or road closures. **For your convenience, new information and upcoming traffic impacts appear in red text on the hard copy. Short term, continuing impacts are listed in green.** To get additional information on these and other Region 2 projects in Salt Lake, Tooele and Summit County, visit [www.udot.utah.gov](http://www.udot.utah.gov) and click on "Projects and Studies."

\*All work schedules are subject to changes due to weather, emergency or equipment issues.

### Salt Lake County FREEWAY PROJECTS

#### Interstate 80

##### I-80, STATE STREET TO 1300 EAST, LANE ADDITIONS & BRIDGE REPLACEMENTS

###### UPCOMING

There will be no work on this project from Thursday, November 27 through Sunday, November 30 in observance of the Thanksgiving holiday weekend.

**WHERE:** 900 East at and near the I-80 Bridge  
**WHEN:** Monday & Tuesday, November 24-25 from 6 a.m. to 6 p.m. daily  
**WHAT:** Full closure  
--Use Highland Drive or 700 East as alternates

###### ONGOING

Watch for intermittent one-way flagging operations at the cross streets

**WHERE:** State Street under the I-80 Bridge  
**WHEN:** Through mid December  
**WHAT:** State Street restricted to 2 lanes in each direction

**WHY:** Crews are working on the Bridge

**WHERE:** Highland Drive, 700 East, 600 East, 500 East & 300 East  
**WHEN:** Currently and ongoing  
**WHAT:** These streets are open beneath the I-80 bridges  
**NOTE:** Watch for intermittent lane closures and flagging operations beneath all of the I-80 bridges

**WHERE:** Southbound 1300 East on-ramp to I-80 westbound (Red Lobster ramp)  
**WHEN:** Currently  
**WHAT:** Open  
**WHY:** Traffic switch to north side of the freeway has allowed the ramp to open

**WHERE:** Northbound 1300 East loop on-ramp to I-80 westbound  
**WHEN:** Through late December  
**WHAT:** Full closure  
**WHY:** To facilitate construction

**WHERE:** I-80 eastbound off-ramp to 1300 East  
**WHEN:** Through mid-December  
**WHAT:** Full closure  
**WHY:** Traffic switch to north side of the freeway makes the ramp closure necessary

**WHERE:** I-80 westbound off-ramp to State Street

WHEN: Through late December  
WHAT: Full closure  
WHY: To facilitate construction

WHERE: 700 East eastbound and westbound on-ramps to I-80  
WHEN: --Westbound, through mid-December  
--Eastbound, through fall 2009  
WHAT: Full closure  
WHY: To facilitate construction

#### OVERVIEW

WHERE: I-80 from State Street to 1300 East  
WHEN: Ongoing through fall 2009  
WHAT: --Traffic has switched is now on the north side of the freeway with 3 lanes open in both directions between 300 East and 1300 East  
--From State Street to 300 East, traffic remains on the south side of the freeway with 3 lanes open during peak hours and 2 lanes open during off peak hours in alternating lane configurations.  
WHY: This project adds one general purpose lane in each direction throughout the corridor and auxiliary lanes, from interchange to interchange, on I-80 between State Street and 1300 East. Full bridge replacements(replacements are complete on the north side) are scheduled for the 300 East, 500 East, 600 East, 900 East and Highland Drive structures, with a bridge deck replacement planned at State Street.

NOTE: --Please use caution and pay attention to your surroundings when traveling through the work zone. Traffic flows can slow abruptly.  
--Oversized loads are restricted through the area. Due to narrowed lanes, large truck traffic is encouraged to use an alternate route.  
--Watch for construction vehicles entering and exiting the construction zone.  
--Slow down! UHP has issued more than more than 1,000 traffic citations for speeding in the I-80 work zone since mid March. Fines for speeding in this area have been enhanced.

CONTACT: Carlye at the project hotline, (888) 718-1069, by email, [i-80@hwlochner.com](mailto:i-80@hwlochner.com), or visit the project Website, [www.udot.utah.gov/i-80](http://www.udot.utah.gov/i-80)  
J. Montoya -2215

#### I-80, LAMBS CANYON & MT. DELL, BRIDGE REPLACEMENTS

**This project is nearing full completion. Watch for shoulder restrictions as crews return to complete punch list items.**

CONTACT: The Innovate 80 Team at Project Hotline, (888) I80-UDOT, by email, [innovate80@utah.gov](mailto:innovate80@utah.gov), or visit the project Website, [www.udot.utah.gov/innovate80](http://www.udot.utah.gov/innovate80)  
D. Mayhew -2580

#### I-80, MOUTH OF PARLEYS AT RANCH EXIT (MP 132), EMERGENCY UTILITY REPAIR

**This project is now complete. Thank you for your patience and cooperation during construction.**

D Mayhew, 2580

## Interstate 215

#### I-215 EAST 3300 SOUTH BRIDGE, BRIDGE REPLACEMENT

**Time-lapse video of the 3300 South Bridge Move and Placement is now available to view on the Innovate 80 Website. Click on the Website link, below, or cut and past it into your browser to visit the site and view the video.**

This project is complete. Thank you for your patience and cooperation during construction.

**CONTACT:** The Innovate 80 Team at Project Hotline, (888) i80-udot, by email, [innovate80@utah.gov](mailto:innovate80@utah.gov), or visit the project Website, [www.udot.utah.gov/innovate80](http://www.udot.utah.gov/innovate80)  
D. Mayhew -2580

## **SR 201**

### **SR 201; 8000 WEST TO 5600 WEST, CABLE BARRIER INSTALLATION**

Crews are placing cable barrier in the median from 8000 West to 5600 West on SR 201. Watch for lane and shoulder closures on both sides of 201 as the project progresses east. Watch for large trucks hauling fill enter and exit the median.

M. Page-2530

## **SURFACE STREET PROJECTS**

### **State Street**

#### **STATE STREET TRAX BRIDGE, 7800 SOUTH TO 8000 SOUTH, BRIDGE REPLACEMENT**

**Watch for all lanes to open soon on State Street!** Traffic will remain restricted to one lane in each direction on the east side of State Street as crews construct the final seismic components of the bridge above southbound State Street. Paving of the west side of the road is now complete.

#### **UPCOMING**

In mid to late November, watch for traffic to switch to the west side of State Street while crews construct the final seismic components of the bridge above northbound State St.

#### **CONTINUING**

**WHERE:** 8000 South at State Street  
**WHEN:** Continuing daily from 8 a.m. to 4 p.m.  
**WHAT:** Full closure, west side of the intersection at 8000 South  
Northbound/southbound traffic will not be impacted  
**NOTE:** **This is a Midvale City Project listed here for your convenience**  
**WHY:** Waterline installation  
**CONTACT:** Art Chandler, Midvale City, 256-2573

#### **OVERVIEW**

**WHERE:** State Street from 7800 South to 8000 South  
**WHEN:** Daylight hours, with traffic control in place at all hours. Anticipated completion: Spring 2009  
**WHAT:** State Street restricted to 1 lane in each direction in the project area. Watch for additional intermittent lane closures.  
**WHY:** Signal work is underway. Reconstruction of the TRAX Bridge includes roadway reconstruction and widening, and drainage improvements.  
**NOTE:** **All businesses and business access are open in the area. Please support your local businesses during construction.**

Commuters should anticipate traffic delays during peak commute hours and take alternate routes if possible.

CONTACT: Suzanne or Leah, 673-0774, by email [TRAXBridge@comcast.net](mailto:TRAXBridge@comcast.net) , or visit the project Website at [www.udot.utah.gov/TRAXBridge](http://www.udot.utah.gov/TRAXBridge)  
M. Farah -2590

#### **STATE STREET, 9000 SOUTH TO 10600 SOUTH, RECONSTRUCTION**

This project is substantially complete. Crews are completing punch list items. Watch for intermittent intersection impacts and shoulder closures at 9000, 10600 and 9620 South. Operations are anticipated to continue through mid October.

CONTACT: For information contact Crystal at the project hotline, 1-888-569-4586, by email, [state90-106@hwlochner.com](mailto:state90-106@hwlochner.com) , or visit the project Website [www.udot.utah.gov/state90-106](http://www.udot.utah.gov/state90-106) .  
M. Farah -2590

### **Redwood Road**

#### **REDWOOD ROAD AT THE I-215 WEST BRIDGE, EMERGENCY REPAIR**

**WHERE:** Redwood Road at the I-215 West Bridge  
**WHEN:** Nightly (including weekends) from 10 p.m. to 6 a.m. through Nov. 23  
**WHAT:** Southbound Redwood Road restricted to 1 lane in the area  
**WHY:** Crews are repairing truck-collision damage to the bridge structure  
D. Mayhew -2580

#### **REDWOOD ROAD, 10400 SOUTH TO 12600 SOUTH, RECONSTRUCTION**

This project is substantially complete. Crews are completing landscaping finish items. Watch for intermittent shoulder and single-lane closures.  
D. Schwartz -2092

#### **SR 68, BANGERTER TO SARATOGA SPRINGS, WIDENING AND RECONSTRUCTION** **CONTINUING**

**WHERE:** Intersection of SR 68 & SR 73  
**WHEN:** Beginning in November  
**WHAT:** --Traffic switches begin on both roads with traffic restricted to 1 through lane and 1 left turn lane in each direction  
**WHY:** Intersection reconfiguration

**WHERE:** Near Camp Williams  
**WHEN:** Through early 2009  
**WHAT:** Traffic has switched to a detour road with a 40 mph speed limit  
**WHY:** Switching traffic to the detour road will cut build time from eight to four months

**WHERE:** Redwood Road from Bangerter to 400 South in Saratoga Springs  
**WHEN:** Currently  
**WHAT:** --Watch for intermittent lane restrictions with flaggers directing traffic  
**WHY:** Crews are working at various locations along the roadway

**WHERE:** 10400 North at SR 68  
**WHEN:** Through November at all hours  
**WHAT:** Utah County has closed 10400 South at SR 68  
**WHY:** Safety considerations

## OVERVIEW

**WHERE:** Redwood Road from Bangerter Highway to 400 South in Saratoga Springs  
**WHEN:** Weekdays during daylight hours with anticipated completion in fall 2009  
**WHAT:** --Watch for shoulder closures on northbound and southbound Redwood Road  
**--Be prepared to stop for flagging operations as trucks and heavy equipment enter and leave the roadway through October**  
**WHY:** This project will widen Redwood Road to 2 lanes in each direction with a center median, shoulders, bike lanes throughout and wildlife crossings in high-impact areas

**NOTE:** --Speed limits have been reduced to 45 mph in the project limits with fines doubled for violations  
--Watch for trucks and heavy equipment entering and exiting the roadway. Be prepared to stop for flaggers.  
--A wide-load restriction is in effect. If you must travel through the area with a wide load please call ahead at 801-455-3116.

**CONTACT:** The SR-68 Public Information Team, 801-455-3116, by email at, [sr68info@langdongroupinc.com](mailto:sr68info@langdongroupinc.com), or visit the project Website at, [www.udot.utah.gov/sr-68south](http://www.udot.utah.gov/sr-68south)  
J. Van Jura – 2560

## 3300 South

### **3300 SOUTH, 700 WEST TO 1300 EAST, RESURFACING**

**From 700 E to 1360 E:** Some lane restrictions are in effect while crews raise utilities. This project was suspended for the winter on November 4. Crews will return in the spring to apply seal-coat and striping.

**Project Hotline: 1 800 278-4282**

M. Page, 2530

## 3500 South

### **3500 SOUTH, BANGERTER TO 2700 WEST; ROADWAY WIDENING**

**Activities:** Signal work will take place at the following intersection beginning Monday, November 10:

--3500 South and 2700 West  
--3500 South and the Market Street  
--3500 South and 3200 West

New water line work is underway on the North side of the roadway starting just west of Hillside Drive and proceeding West to 3200 West. Crews will be removing curb and gutter and some sidewalk areas along the North side for the new water.

Crews are expected to begin removing trees this on the West end of the project this week.

Tuesday, November 11 at 9 a.m. crews will be removing striping and re-striping in preparation to allow room for work on the shoulders.

**Traffic impact:** During signal work, watch for variable lane closures during non-peak hours. During striping, motorists should watch for variable lane closures. After re-striping takes place, two lanes will be available in both directions with occasional lane closures during non-peak travel times. Left-turns will be restricted at Market Street (2820 W.). No eastbound lanes will be affected.

Motorists should watch for large trucks and heavy equipment entering and leaving the project area. Some minimal slowing during should be expected due to work taking place on the shoulders.

Mike, 2563

For additional project information visit, [www.udot.utah.gov/3500south](http://www.udot.utah.gov/3500south)  
For specific questions or concerns, contact the Public Information Team at [3500southinfo@utah.gov](mailto:3500southinfo@utah.gov) or 801-608-6369.

## **Vanwinkle Expressway**

### **VANWINKLE EXPRESSWAY AT VINE AND I-215, ROADWAY STRIPING**

Crews will remove and re-install striping at the intersection at Vine Street and near the I-215 ramp starting Monday November 3, weather permitting. Watch for variable lane closures during non-peak hours.

M. Page, 2530

## **7800 South**

### **NEW BINGHAM HIGHWAY (SR 48) SOUTH AT 4500 WEST. CHOKE-POINT FIX**

Crews will be installing a median at the railroad crossing. Traffic is restricted to one lane in each direction. Flaggers occasionally stop traffic during non-peak hours to move construction equipment. Please use an alternate route if possible. Crews are widening SR 48 to two lanes each direction.

## **9000 South**

### **9000 SOUTH & MONROE STREET INTERSECTION, TURN POCKET INSTALLATION**

This project is nearing completion. Watch for intermittent lane restrictions on 9000 South as crews complete punch list items.

**CONTACT:** Carlye at 907-0895, or by email at [i-15@hwlochner.com](mailto:i-15@hwlochner.com)  
M. Farah -2590

## **10400 SOUTH**

### **10400 SOUTH, BANGERTEY HIGHWAY to REDWOOD ROAD; WIDENING**

**Activity:** Preliminary work to clear the right of way continues to the south of the existing road. Construction crews have begun to clear the area north of the roadway between 1900 West (approx) and Redwood Road, where utility trenching is expected to start the week of November 10.

Roadway preparation is underway for the south portion of the new road between Bangerter Highway and 3200 West. This section is scheduled for concrete paving in late November, but this activity is dependant on moderate temperatures and good weather conditions.

Work on the joint utility trench has reached the intersection at 2700 West. Traffic restrictions will apply as crews continue through the intersection moving west.

The south portion of the canal bridge near 2700 West has been demolished. Work on the new bridge will begin shortly. Demolition of the south portion of the canal bridge near Redwood Road is scheduled to begin on November 10.

**Traffic Impacts:** Traffic is restricted to one lane in each direction from Bangerter Highway to Redwood Road. A number of utility crossings will take place across 10400 South in the month of November. To accommodate this work, traffic will be restricted to one lane for a period of time each day starting the week of November 10th.

Some traffic restrictions will take place at 2700 West as crews continue work on the joint utility trench through the intersection.

Motorist should expect minor delays throughout the project as flagging operations are used to accommodate construction activities and pedestrians. The speed limit has been reduced to 30 mph.

## **Canyons**

### **BIG COTTONWOOD CANYON, SHOULDER WIDENING**

This project is now complete. Thank you for your patience and cooperation during construction.  
M. Farah -2590

### **GUARDSMAN'S PASS FROM PARK CITY BRIGHTON, CLOSED**

**WHERE:** Guardsman's Pass from Park City to Brighton  
**WHEN:** Currently through spring 2009  
**WHAT:** Guardsman's Pass is now closed for the season, from Park City to Brighton.  
**WHY:** Snow and icy conditions have made the road impassable. The road will reopen again next spring as warmer temperatures make it passable once again.  
D. Roberts, 2350

### **MIRROR LAKE HIGHWAY (SR 150), CLOSED**

**WHERE:** Mirror Lake Highway (SR 150)  
**WHEN:** Currently through spring 2009  
**WHAT:** Mirror Lake Highway is now closed for the season  
**WHY:** Snow and icy conditions have made the road impassable. The road will reopen again next spring as warmer temperatures make it passable once again.  
T. Page, 2370

### **EAST CANYON (SR 65), OPEN**

**WHERE:** East Canyon Road, SR 65  
**WHEN:** Currently through fall 2008  
**WHAT:** East Canyon Road is open for the season  
**WHY:** Warmer temperatures have melted snow allowing crews to open the roadway. The road will close again this fall as weather makes it impassable.

## **LOCAL GOVERNMENT / PERMIT PROJECTS**

*The following projects are under the direction of local governments with UDOT oversight or private projects that have received permits for work in UDOT right-of-way.*

### **8000 SOUTH AT STATE STREET INTETSECTION, WATERLINE INSTALLATION**

**WHERE:** 8000 South at State Street

WHEN: Beginning in late September / early October  
WHAT: Full closure, east side of the intersection at 8000 South  
WHY: Waterline installation  
CONTACT: Art Chandler, Midvale City, 256-2573

**BANGERTER HWY, 7800 TO 9000 S, BRIDGE CONSTRUCTION**

The Utah Transit Authority (UTA) will construct a bridge over Bangerter Highway that will serve the Mid-Jordan TRAX line. This project requires a permit from UDOT.

Or see: [www.rideuta.com/projects/midjordanlightrail](http://www.rideuta.com/projects/midjordanlightrail)

**ACCESS ROAD, SEWER DIST STATION ACCESS ROAD  
ONGOING**

WHERE: 1300 West and Bangerter Highway

WHEN: Ongoing

WHAT: Westbound right lane closure

WHY: Crews are adding an access road for a sewer district station that will be built.  
Chad Walters, Newman Const., (801) 712-2900

**GAS LINE PLACEMENT, PERMIT PROJECT, QUESTAR GAS  
ONGOING**

WHERE: 3500 South in West Valley and Magna

CONTACT: Steve Chapman, Questar Gas, 801-324-5548

For specific traffic impacts, see [www.questargas.com](http://www.questargas.com)

**Summit County**

**I-80, MOUTH OF PARLEYS AT RANCH EXIT (MP 132), EMERGENCY UTILITY REPAIR**

**This project is now complete. Thank you for your patience and cooperation during construction.**

D Mayhew, 2580

**I-80, LAMBS CANYON & MT. DELL, BRIDGE REPLACEMENTS**

**This project is nearing full completion. Watch for shoulder restrictions as crews return to complete punch list items.**

D. Mayhew -2580

**Park City Area**

**SR 224 & LANDMARK DRIVE NEAR KIMBALL JUNCTION, SUMMIT COUNTY PROJECT**

**Crews are preparing to suspend major activities on this project for the winter. Watch for intermittent activity near SR 224 over the next few months. Construction will resume next spring.**

**ONGOING**

Crews are completing roadway reconstruction, intersection alignment, traffic signal on Landmark Drive and surrounding roadways along with roundabout installation at Landmark Drive

CONTACT: For more information contact the project team at 1-888-914-5454, or email [hotline9@msn.com](mailto:hotline9@msn.com)

**GUARDSMAN'S PASS FROM PARK CITY**

**BRIGHTON, CLOSED**

**WHERE:** Guardsman's Pass from Park City to Brighton  
**WHEN:** Currently through spring 2009  
**WHAT:** Guardsman's Pass is now closed for the season, from Park City to Brighton.  
**WHY:** Snow and icy conditions have made the road impassable. The road will reopen again next spring as warmer temperatures make it passable once again.  
D. Roberts, 2350

**Kamas Area**

**MIRROR LAKE HIGHWAY (SR 150), CLOSED**

**WHERE:** Mirror Lake Highway (SR 150)  
**WHEN:** Currently through spring 2009  
**WHAT:** Mirror Lake Highway is now closed for the season  
**WHY:** Snow and icy conditions have made the road impassable. The road will reopen again next spring as warmer temperatures make it passable once again.  
T. Page, 2370

**Tooele County**

**Tooele City Area**

**I-80, CABLE BARRIER PLACEMENT**

**WHERE:** On I-80 between 7200 W and Bangerter  
**WHEN:** Ongoing through November  
**WHAT:** Watch for variable lane and shoulder closures as work progress east.  
**WHY:** Crews are placing cable barrier as a safety feature to prevent crossover collisions.

**CONTACT:** J. Christensen-2523  
M. Page-2530
